About our annual fees

Your goals, your family, and your wealth change over time, and your estate plan should keep pace. That's why every guided estate plan includes an annual review with an Estate Plan Advisor: a meeting to reassess your plan against your current personal and financial picture and make whatever updates it needs.

The annual fee also provides ongoing, 24/7 access to the ClearEstate platform. There, you can store your documents, connect your financial accounts, build a complete inventory of your assets and liabilities, track your net worth, view your estate distribution plan, and reach our support team through online chat when you have a question.
